

ARCHITECTNICA

ARCHITECTNICA is a well-established Stockton, CA firm specializing in public school design. We are looking to add an architect and a CADD designer/draftsman to our staff. Website: architectnica.net

Architect:

Duties include project programming and management, design, drafting (Revit) and construction administration/management. Salary will range from 100K to 150K. Total compensation package includes holidays, vacation days, sick days, health care, dues, full auto (after 3 months: company truck, gas, insurance, maintenance), 401K and profit sharing. License required. School design experience preferred.

CADD Designer/Draftsman:

Duties include project programming, site surveying, design and drafting (Revit), and records management. Salary will range from 50K to 80K. Total compensation package includes holidays, vacation days, sick days, health care, dues, full auto (after 6 months: company truck, gas, insurance, maintenance), 401K and profit sharing. Graduation from an accredited school of architecture required. School design experience preferred.
